## **BRAC University to start residential semester**

The BRAC University has taken a revolutionary initiative to start its residential semester. In 2001, BRAC University was established by Sir Fazle Hasan Abed KCMG, founder and chairperson of BRAC. The University was founded with a greater view to creating functional leaders for the society, and promote the development process of the country through its graduates. Away from the urban congestion, Residential Semester gets carried on in BRAC University's residential campus, which is located in the rural village of Khagan in the Ashulia-Biruliya road at Savar, according to a press release. – DH
