Dear Sir

Subject: Letter of Transmittal

I have completed the Internship Report required to be submitted as a precondition for the completion of M.B.A. Degree. The title of my report is "***Trust Bank: Workforce Analysis of Different Departments in Gulshan Branch***".

The Internship Report is based on my 3 months attachment in Trust Bank Limited, A private commercial bank in Bangladesh. I have been attached to three different departments of Trust Bank Gulshan corporate branch. In writing this report I had to consult with several people of the bank, without whom this would not have been possible. Many thanks to them.

I specially thank you for allowing me to do an Internship Report on a subject in which I have great interest. I would like to thank you for your encouragement and support which inspired me to work enthusiastically.

It will be kind of you if you accept my report on the aforesaid topic. I hope you will be pleased with the report. For further query, I am always available

Thanking you,

Salmin Morshed
