### **Inter-varsity Mathematics Olympiad held:**

**DHAKA, DEC 11:** The Department of Mathematics and Natural Sciences (MNS) of BRAC University (BRACU) organised 'Inter-university Mathematics Olympiad-2011' on Friday in collaboration with Bangladesh Mathematical Society (BMS), says a press release. The aim of this Mathematical Olympiad was to create the opportunity for the young talented undergraduate students in the country to stand out and illustrate their mathematical and analytical skills. In addition, endeavour was to create a national awareness for the development of mathematics education at the tertiary level and skills in Bangladesh.

A total of 146 talented students from 22 different institutions from all over the country took part in this national competition. Prof Md Golam Samdani Fakir, Pro-vice chancellor of BRAC University was the chief guest and Prof Md Abdus Sattar, president, BMS, as the special guest in the inauguration ceremony.

Sheikh Ziauddin, Department of EEE, BUET stood first in that competition. Forshad-Al-Hossain and Md Emroze Khan from the same department and same institution stood second and Third respectively. Prof Jamilur Reza Choudhury, former Vice -chancellor, BRACU, graced the closing and prize awarding ceremony as the chief guest. A number of renowned Professors of Mathematics from different institutions were also present. INDEPENDENT NEWS.
