

No. BRACU-NCP/2022/014A

Dated: 10 February 2022

Mr. Yuan Liang
Executive Project Manager
BUCG-ABC JV

Subject: Incident of Cable Theft

You are aware that some of the subcontractors have already started the finishing works at BRACU New Campus Project and others will start their works very soon. BRACU Project team instructed all the subcontractors to ensure the safety, security, and protection of their own assets and belongings.

However, we are surprised to know that some cables (4 core- 3 pcs, 350 FT, approximate worth is 150,000 BDT) of Vermiculite Coating paint vendor, Kansai Nerolac Paints (Bangladesh) Ltd. has been stolen on 08 February 2022 night (between 07:00 PM to 07:00 PM on the next day) from DB board at BRACU New Campus Project (Grid 8-13 and AG-AC) which was connected to their new spray machine.

We had understanding from the previous discussion with you as well in reference to the contract clauses that all the subcontractors will protect their own materials, equipment, but overall security especially in the boundary gate is the responsibility of BUCG-ABC JV.

BUCG-ABC JV has also responsibility to prevent such incident of theft especially when all the gates of the compound wall are guarded by the BUCG-ABC JV. Also, we know that you must be having some CC camera for 24 hours surveillance. So, we believe it will not be difficult for your security team to investigate the incident and find out the person(s) involved with this theft.

Hence, we you are hereby advised to investigate the incident and find out the person(s) involved with this theft and report us by 17 February 2022. You are also advised to take all sorts of precautions and safety measures including making proper functioning of all the CC camera to prevent occurrences of such incidents in future.

Thanking you
For BRAC University

Shaikh Ali
Project Manager
BRACU New Campus Project

Dhaka-1212, Bangladesh

Sub: Theft incident report.

Dear Sir,

A warm greeting from **Kansai Nerolac Paints (Bangladesh) Limited.**

As per contract No.: BRACU/New Campus/2021/102, Dated: March 29, 2021 We have already started the application work and the work is going smoothly.

With due respect, we are writing this letter to bring your kind notice that our cable (4 core- 3 pcs, 350 FT), Grid 8-13 and AG-AC worth 150,000 BDT is stolen from DB board, which were connected to our new spray machine.

I request you to get that place checked thoroughly as this may happen to anyone and if possible, also get CCTV footage of 08/02/2022 around 07:00 PM to 07: 00 AM. This is being very important to us. therefore, we kindly requesting you to take the necessary action.

Abu Taher
Deputy Manager Corporate Sales.
Kansai Nerolac Paints (Bangladesh) Limited.
