10 Year Anniversary of BRAC University Department of Architecture

In Celebration of the 10 year anniversary of BRAC University Department of Architecture, the students and teachers of the department worked together to create a week long celebration termed “Architecture Week”; held in BRAC U Campus at Mohakhali. This was organized under the banner of “going green”, an event lauding sustainable and green architecture held from “3rd to 10th October, 2012. The program which focused mainly on the exhibition of the works of BRAC University students and alumni also hosted a multiple other co-events including Designs charities, Archkids, etc. In addition there was also a major discussion panel held at the Angan Lecture in the indoor games room on October 7, 2012.

The Arch week was dedicated to the father of modern Architecture in Bangladesh - the late Mujharul Islam. And in honor of him, his portraits, the model of Charukala Art Institute and BRAC University published a book, which was also being exhibited. The program was inaugurated by the Pro- VC of the university, Professor Dr. Md. Golam Samdani Fakir where Registrar of the University Air Cdre (Retd) Ishfaq Ilahi Choudhury was present as the special guest.
