The shop drawings are reviewed for conformance with architectural design & concept. The review does not relieve the contractor of responsibility to:

1. Ensure correctness of dimensions, quantities, calculations, construction and fabrication techniques.
2. Comply with the specification. Any deviation must be clearly highlighted in writing for acceptance.
3. Coordinate the works of all parties involved.
4. Satisfy any further requirements noted on the drawings or other contract documents.
5. Comply with other consultant's requirements & specifications.
