With a great pleasure, I would like to express my deep sense of gratitude to the management of Uttara Bank Limited for their valuable and helpful support.

I would like to thank Mr. Jahangir Alam (Principal Officer & Manager), for giving me a chance to work in Uttara Branch of Uttara Bank Limited, I am also grateful to Mr. Abdus Sobhan (Principal Officer), Mr. Niag Morshed (Senior Officer), Mrs. Nasrin Sultana (Senior Officer), Mr. Bashar (Senior Officer), Mrs. Shakila Ferdousi (Senior Officer), Mrs. Tahmina Khatun (Associate Officer), Mr. Rajib Ahmed (Junior Officer Cash) of Uttara Branch. Without their help it would have not been possible for me to complete the internship program easily.

Then I would like to thank again Mr. Jahangir Alam (Principal Officer & Manager), who was my honorable supervisor and Mr. Abdus Sobhan (Principal Officer), my instructor of the internship program. He was always at my side with his ever-extending helping hand, guidance, enthusiasm and inspiration and above all, flexibility of work.

I would also like to express my thanks to all employees of Uttara Bank Limited, Uttara Branch, who have helped me by contributing their time and providing me with information related to the topic. I appreciate their consideration.

Finally, I would also like to express heartfelt gratitude to Mohammad Rezaur Razzak, Assistant Professor & Director CED of BRAC Business School for his guidelines and feedbacks on the report procedure.
Executive Summary

Uttara Bank LTD was established in 1965 under the name of “Eastern Banking Corporation Limited” with the specific objective of accelerating trade and investment in the economically depressed eastern wing of the then Pakistan. After liberation of Bangladesh the Bank underwent a major change namely, it was nationalized in March, 1972 and given the name “Uttara Bank”. The Bank again in 1983 was denationalized and made a commercial bank in the private sector under the name “Uttara Bank Limited.”

Banks and other financial institutions play a vital role in forecasting the economic and social condition of a country. Banks in Bangladesh now constitutes the core of the country’s organized financial system. The main task is to mobilize funds from surplus economic unit and deployment it to deficit economic unit and UBL is doing that successfully from its establishment.

Customer satisfaction is very important for the reflections of the succession toward progress and expansion for any service institution. Excellence in customer service helps an organization to build a good position in the market and retain more customers. To keep the customers satisfied, UBL provides various types of service to its customers. UBL Principal Branch has three departments. These are: General Banking Department, Foreign Exchange Department and Credit Department. Through these three departments they serve their customers.

General banking department provides service to the customers by doing the elementary tasks of the bank. This department has three sections: Main Cash with Cash Cell; Deposit Section i.e. Savings, Current deposit, FDR, SNTD; Clearing; Bills; Accounts; Sanchaypotra. These elementary tasks include account opening, providing master credit card, internet banking, offering different types of schemes to the customers, different types of bills and fees collection etc. Foreign Exchange department also plays a vital role by providing service to the customers. This department has three sections. These are: Export section, Import section and Foreign Remittance section. All these three sections Foreign Exchange department provides services to its customers. Credit department has three sections i.e. General Loan, Industrial Loan and Loan Recovery.

Foreign exchange is an important department of Uttara Bank Limited, which deals with import, export and foreign remittances. It bridges between importers and exporters. This department is playing an important role in enhancing export earnings, which aids economic growth and in turn it helps for the economic development. On the other hand, it also helps to meet those goods and service, which are most demandable and not adequate in our country.

Uttara Bank Limited is operating efficiently with its existing products and services. In service-oriented industry, it is very difficult to set a standard rule to satisfy the customer. Several factors shape up the decision of taking the service from an organization. The services which the Bank provides to their clients are very prompt and quality one compare to other private or foreign banks. The bank made satisfactory progress in all areas of business operation. So Uttara Bank Limited is the bank which will go on in the banking sector of the world with their slogan "Abohoman Banglar Oitijje Lalito".

Chapter-1

Introduction

Modern banks play an important role in promoting economic development of a country. Banks provide necessary funds for executing various programs underway in the process of economic development. They collect savings of large masses of people scattered throughout the country, which in the absence of banks would have remained ideal and unproductive. These scattered amounts are collected, pooled together and made available to commerce and industry for meeting the requirements.

As a servicing industry, the Banks are customers oriented. Customers are the driven power of a Bank and it earns profit by providing services to customers. Customers are the person or institutions which deal with the Bank. In general, he, who has an account in a Bank, may be treated as a customer. In broad sense, customers may be seen from the two wings – Depositors and Borrowers. Beside these, other short-term served customers may exist in a Bank. As the Banking area is very hard and competitive, in order to survive and successfully compete with other Banks, a Bank has to serve its customers very carefully. Now, in Bangladesh more than 50 scheduled Banks are operating their activities to serve customers.

To fulfill the demand of time and impress the customer most of the banks are now trying to make their whole banking operation through online. Online banking is the demand of time. It is now no longer a “nice to have” but an “impossible to survive without” for all banks. Uttara Bank Ltd performs many of its operation in on line and trying to include rest of the operations.

Online banking comes with huge benefits. Many customers warmly adopt the habit of online banking. Some eagerly wait for new online services. But some still prefer traditional banking. They find traditional banking easy, hassle free and more trustworthy than online banking.

Uttara Bank Ltd is continuing to begin new online services one by one. During my project period I got the opportunity to observe customer closely. I found that many customer want more online services to save their time and cost. Many customers are happy with traditional banking. Some customers have no faith on online banking.

Online banking makes life easier, there is no doubt. But introducing a new system is not easy because it brings some difficulties with it. In case of starting full online banking; the bank has to introduce some new system/products. In that situation both employees and customers face some problem to adopt that new system/product.
1.1: Background

The internship program is required for the student of Business School. It is a program with duration of three months. Students who have completed all the required courses are eligible for this program. In the internship program I was attached to the Uttara Bank Ltd. Uttara Branch for three months.

This report originates to fulfill the requirement of studying MBA Program at BRAC University. This program has been designed to facilitate the students with basic theoretical and practical knowledge in the job activities in the context of Bangladesh as well as worldwide.

Since the MBA program is an integrated, practical and theoretical method of learning, this program is required to have practical exposure in any kind of business organization. This report has been prepared on practical orientation.

1.2: Objective of the report:

The primary objective of this report is to comply with the requirement of my course. But the objective behind this study is something broader. The principal intent of this report is to analyze the trends of modern banking and their customer’s satisfaction. Objectives of the study are summarized in the following manner:

- To identify the present state of Uttara Bank Limited.
- To get an idea about the financial strength of Uttara bank.
- To find out the problems exist in general banking department.
- To describe General Banking, SMS Banking, ATM, loan & other facilities provided by it.
- To provide the recommendation for improvement.

1.3: Methodology of data collection:

For achieving the specific objective of this study, I have collected the related data both from primary & secondary sources.

Primary data have been collected from:

- Interviewing and interacting with the customers of Uttara Bank.
- Observing different organizational activities.
- Conversation with the staffs of this bank.

Secondary data have been collected from:

- The annual reports of Uttara bank.
- Different papers of the bank.
- Various records of the bank, unpublished data.
- Different textbooks, journals, booklets and
- Web site of Uttara bank.
1.4: Limitations of the study:

- The internship was based upon only Uttara bank, Uttara Branch, so the report doesn’t show all branches’ activity of Uttara bank in depth.
- Although I have obtained wholehearted co-operation from employees and customers of Uttara bank, Uttara branch but they could not manage enough time to deal with my report.
- The annual report and web sites are the main secondary sources of the information but this information was not enough to complete the report.
- The main limitation for me was that relevant data and document collection was difficult because of the confidentiality of the administration.

1.5: Project Step

Firstly I made a plan about what to do. Then check out some banking activities of the bank staffs. Gather some practical banking knowledge from some banker of Uttara Bank Ltd. Then working few days with them and acquire some experiences. After learning some work I gave some customer services. When I became easy with customers I collect some primary data from them. I also talk with few bank staffs personally to collect more primary data. I collect my secondary data from different sources like bank website, brochures, commercials etc. After collecting necessary data I made the project.

The whole project was prepared through the following seven steps:

- Step 1 → Planning for the study
- Step 2 → Acquire knowledge about several online banking activities
- Step 3 → Analyze work experience when I was intern
- Step 4 → dealing with customers
- Step 5 → Data collection from different sources of bank (primary and secondary)
- Step 6 → Analysis of collected data
- Step 7 → Draw summary and recommendations.

Chapter-3

3.0: My experience in Uttara Bank Limited:

In UBL I worked in the General Banking department. I was placed in the account opening section. I was responsible for opening all type of account of the customer. It was a great experience for me because I achieved a lot of practical and professional knowledge. The office environment is very pretty and friendly. All employees are very responsive and caring. They always helped me to learn extensively. Employees were doing their job as a team. They help each other in every situation. They accepted me cordially and treated me as their team member. In the account opening section at first customer used to come for creating account/s then I tried to discover the purpose of the account of the customer. If the customer were confident enough about the account type then only I proceeded further otherwise I suggested them the type of account that suited them the most and the photocopy of the documents (like: Passport sized photograph, National ID card of account holder & Nomine, TIN Certificate, Trade license etc) they were needed to submit to the bank. Upon submission, I verified all the relevant documents and necessary information. Further, I used to take signature of the applicant in the prescribed account opening form of UBL. I used to fill up the account opening form and get verified by the relationship manager. Then I entered that information into the Bank’s online system. Then, the customer used to get the account number and they had to deposit minimum amount in that account number. In this way different accounts were created by me and future transactions were carried out in those accounts. With this responsibility I also used to write debit/credit vouchers, pay order, deposit slips, cheques etc. All in all, it was a great time when I was doing my internship in UBL. It was a great official environment. Really, I achieved fruitful knowledge from this bank and the employees. I think this experience will make my future career path more suitable and easy.

Account Section:

I had to work on account section of Uttara Branch. I had to collect necessary documents from the customers those who came to open account of Uttara Branch. Documents like TIN certificates, Trade license, National ID Card, Photo of Holder and nominees etc.

Update customer’s information:

My prime job at Uttar Branch was to update customer’s information. Customers who opened their bank account before 2005, they need to update their information and also photo, address, transaction profile, National ID no. etc. and I had to collect all information from the customers.

Fill-up debit card forms:

I had to collect debit card requisition from the customers and filled up necessary papers. After filled up debit card form I had to send the papers to the card division of head branch.

Account opening:

I had to open all types of bank account and collect necessary documents from the customers.
Account closing:

I had to close all types of bank account when the customers want or over the maturity the account.

Address change & Name correction of the customers:

My key job was to correct customers name and address if changes necessary. I had to contact with customers via phone and had to inform that their address or name have to correct.

Calculate the Depreciation of Fixed Assets:

In the month of June - July they need to calculate the depreciation of their fixed assets. They give me opportunity to calculate this.

Salary Calculation:

As I passed my more time in Account section so I have learned how they calculate the salary and bonus ending of the month so I can helped them to calculate the salary and bonus of employee.

Cheque book issue:

UBL provides to types of cheque book they are MICR and Non MICR. I have learned how those books issued so I did it.

Write down the Dr. and Cr. Voucher:

I wrote their Dr. and Cr. Voucher because of their internal maintain activities.

Foreign Remittance Department:

I was assigned to Foreign Remittance Department under direct supervision of Ms. Niag Morshed who is a senior officer in Uttara Branch. My job was to work where ever needed in remittance department.

- At first I have to check the foreign remittance message where the pin number is written then whenever I saw the pin number I can understand that which exchange company provides this number because there is a pattern in pin number.
- Then I have to collect information from customer and help them to write their applicant form.
- After this my supervisor used to check this pin number.
- Then when everything is all right I used to write debit voucher.
- Entry this transaction in a register
- Other then this I during lunch I used to serve customers.
Chapter-4

4.1.0: General Banking:

During my practical orientation I was placed in General Banking of IFIC Bank Limited at Chapai Nawabganj Branch. General Banking is the starting point and main function of all the banking operations. It is the department which provides day-to-day service to the customers. It is associated with financial transactions to facilitate customer service. However, there are other departments for successful banking operations.

- Account opening section
- Remittance section
- Cash section
- Bills and clearing section
- Foreign Exchange section

4.1.3. Cash Section:

Cash section is an important section where cash transactions are made. Cash sections demonstrate liquidity strength of a bank. It is also sensitive as it deals with liquid money. Maximum concentration is given while working on this section. Tense situation prevails if there is any imbalance in the cash account. There are various systems maintain by cash officer that is under:
- Cash Receive
- Cash Payment

**Cash Receive:**

When clients deposit cash in the bank, the bank officer should follow the following common precaution

- Check and count the received cash.
- Make sure that the amount in word and number in the deposit slip is same.
- Check the account title and the number.
- Both the deposit slip is in order.
- Depositor's signature is in the slip.
- Receive seal in the slip is a must.
- Write the domination of the currency at the back of the pay in slip or the credit voucher and affix stamp in the slip/voucher,
- Enter particulars of in slip/credit voucher in the receiving cash officer book.
- At least, send the pay in slip/voucher to the deposit department or to the respective department.
- Deposit slip must be signed by the respective officer.
- Carbon copy of the deposit slip must be handover to the client with proper seal and signature.

**Cash Payment:**

Cheque, demand drafts, pay orders, pay slips and debit cash vouchers etc. are received from various departments for payment of cash to customers/payees. Prior payment of, cash it is the officer's duty to make sure that the cheque/or the instrument has been genuinely passed. The following common precaution is thoroughly practiced before honoring a cheque.

- The branch name in the cheque.
- The date in the cheque is very crucial. Cheque is normally valid for six months and pre-dated cheques are asked to present after the date given.
- Tk in words and figure of the cheque is same.
- Balance in the account is available.
- The specimen card signature and signature in the cheque should match.
- Signature of recipient is obtained on the reverse of cheque.
- In case, where a prior arrangement has been made with the bank, a client may overdraw against a cheque.

**Books maintained by cash department**

Vault Register: This is the book where amount of cash available in the branch is maintained. That is, the amount in the vault register book

Cash Receive Register: This register keeps record of all incoming cash.

Cash Payment Register: Similar to the cash register book, this books keeps tracks of all outgoing cash, that is all payments.
Cash Position Register: This is the book where cash balance is recorded by counting the notes and coins that are physically available. The balance in this book is compared with the vault register, which should be the same. In case there is an error, then the figures would not match but if no discrepancy is found then anything is to be worried about.

Other Registers:

- Money Remittance Register
- Prize Bond Register
- Stamp in hand Register

4.1.4 Clearing & Bills Section:

Types of Clearing:

1) Outward Clearing: This is the opposite flow of the Inward cheque clearance. When UBL's cheque sends to other person of other Bank, that Bank will do the same thing to claim money from Uttara Bank Ltd. With the same procedure like Inward clearing of that Bank. At the time of Outward Cheque for clearing, the things must have to be checked: The Clearing Seal, The Endorsement Seal, and The Branch Seal

- Cost of clearing the collection cost normally varies with the distance and UBL does not take any charge for collection within Dhaka City or within the district. But when anyone issue check of UBL without having enough sufficient money in the account, the clearing dept. will cut Tk.25 fine for this.
- L.B.C: The word LBC means Local Bills for Collection. It is applied on transaction between inter branch. Issuing cheque/DD from one branch to another branch of the same Bank. Suppose Moulavibazar branch have issued a cheque to Uttara branch. After received the cheque the Uttara branch will give a seal of Crossing, LBC seal and Endorsement seal on that check and will issue forwarding on Moulavibazar Branch.
- I.B.C: IBC means Inward Bills for Collection. It is the reverse of LBC. In this case Moulavibazar branch will receive cheque and give a seal of Crossing, LBC and Endorsement seal on the cheque and send it to Uttara branch with an Advise.

2) Inward Clearing: Whenever any branch of Uttara Bank Ltd. receives a cheque of other Bank to collect money, then the branch sends the cheque to its Head Office. The Head Office arranges the cheques separately by the name of different bank and then it send to the respective bank for clearance by the clearinghouse. Those cheques of different Bank to collect money for the ordered person are called Inward Cheque for clearing. Then these cheques go for entry in to the Inward Registry Book and Database of Clearing Department.

Bangladesh Bank conducts this job of clearinghouse name HOUSE. This is done twice a day- First house and Return house. First house is to deliver cheques and collect cheques from other banks. Return house is
to return the honored cheques. The practice among the bank is to give only the name of those cheques, which were not honored.

As soon as the principal branch gets the clearance it sends an Inter Branch Transaction Advice (IBTA) to the branch, who has sent the cheque for collection. Receiving the IBTA is considered as clearance for the payment to the party.

**Clearing house:**

Clearing House is a place in the Central Bank where different banks come to settle their interrelated liabilities

**Clearing House System:**

The mechanism of working at a Clearing House in general is as follows:

- Every Rank of the locality, which is a member of (the clearinghouse, prepares Bank-wish list of cheque after receive from customers and drawn on different Banks of the locality.
- An officer, in charge of clearinghouse, goes to the clearinghouse in the morning with the cheques and their list. He delivers the cheques to the officials of the respective banks. Similarly, he also receives the cheques drawn on his Bank from the officials of the other banks.
- The official of each bank computerizes the final balance, payable or receivable by his Bank alter taking into account the various amount of receipt and payment.
- The official return of their respective Bank to meet again in the afternoon to return any dishonored instruments to the officials of the respective Banks.
- The final settlement is effective by the supervisor of the clearinghouse by debiting or crediting, as the case may be, the accounts of the respective Banks as maintained with the clearinghouse

**4.1.5 Mail Receive & Dispatch Section:**

Banking is the business of correspondence. Lot of mail comes to the bank and dispatch from the branch daily. Lot of my document causes much loss for bank. That is why bank has to record all Mail received and dispatched through the bank.

**Mail receiving:**

All mail comes to the bank recorded in this desk. For this reason a register book maintained called inward mail register. A number is given on receiving mail and records particulars of document in the register book.

**Mail Dispatching:**

Before dispatching mail from the bank, Bank must record in outward mail register. A number is given on the mail. Destinations, date of dispatch are recorded in that register book.

- One cannot withdraw money more than two times in a week.
➢ The withdrawing amount is not to exceed 25% of the total balance.
➢ If customer withdraws money more than twice in a week than no interest is given to customers on his account.

4.3.2 Current deposit (CD) account:
A current account is an account, which is generally opened by business people for their convenience. A current account is a running and active account, which may be operated upon any number of times during a working day. There is no restriction on the number & amount withdrawals from current a/c. It does not earn any interest.

To open a current account, following rules are maintained by UBL:
➢ Any adult and mentally sound person can open the current account in the single or multiple forms.
➢ Any client cannot open more than one current account of his/her own in any branch.
➢ There is no obligation to deposit and to withdraw money from the current account.
➢ To open a current account initial deposit of taka 2000 (Two Thousand Taka) is compulsory. If the current balance of any current account falls below 2000 taka, bank can claim 100 (One Hundred) taka as incidental charge in the month of June and December.
➢ Bank will collect tax on the balance of the account of the account holder as per the government rules.
➢ The amount of taka 100 (One hundred) will be deducted from the bank account as account running cost at the time of closing any bank account.
➢ Bank can close the account and take any necessary steps any time without any notice if any account is proven unsatisfactory to the bank.
➢ It is to be clearly mentioned, if the account is run by more than one person, the nature to run the account or the applicability of single or multiple signatures.
➢ Bank can take the responsibility to collect the money of payee a/c cheque, draft, dividend warrant etc. To deposit all of the cheque, draft, pay order, all are to be crossed signed.
➢ To withdraw money from the bank account the account holder can only use the cheque only issued by the same branch of the account.
➢ If the cheque is refused for the low balance of the account, bank can charge 25 (twenty five) taka as penalty.
➢ The account holder must provide the sample signature to the bank and it must be used in each document issued to the bank.
➢ To open a bank a/c, two copies of passport size photograph is the must be need.
➢ Current account cannot be identified by the SB a/c holder or any employee of the Bank.
➢ Any account holder or multiple a/c holders can select one nominee if they want.
➢ All mentioned rules and regulation can be changed or modified any time.

It has the following properties:

- Opening Amount/ Initial Deposit Tk. 2,000/-
- Service Charge (yearly) Nil
- Minimum Balance Requirement Tk. 2,000/-
Current a/c may be individual or joint or partnership or can be formed on any name. It provides the following facilities:

- Overdraft facility,
- Other facilities like collection of checks transfer of money, rendering Agency and general utility services.

4.3.3 Fixed Deposit Receipt (FDR) Account:

In this category are included the deposit with the bank for a fixed period which is specified at the time of making the deposit. Such deposits are therefore called fixed deposits or term deposits. A fixed deposit is repayable on the expiry of a specified period, chosen by the depositor to suit his purpose and to enable him to get back money when and when he needs it. The fixed deposit may be made for 3 months, 6 months, 1 year, 2 year or 3 year. As the date of repayment of fixed deposit is determined in advance, the banker needs not keep more cash reserves against it and can utilize such amount more profitably. The banker therefore offers higher rate of interest on such deposits. Fixed deposit has grown in importance and popularity in our country during recent years. When a matured FDR is withdrawn, the principle amount along with the interest amount (deducting 15% tax from the total but for TIN 10% tax from total) is paid to the client.

The rate of interest and the terms of the Fixed Deposit receipt are given below:

<table>
<thead>
<tr>
<th>Term</th>
<th>3 months</th>
<th>6 months</th>
<th>1 years &amp; above</th>
</tr>
</thead>
<tbody>
<tr>
<td>Interest rate</td>
<td>9.25</td>
<td>9.50</td>
<td>9.75</td>
</tr>
</tbody>
</table>

UBL has recently increased its interest rate on FDR with the change of current market interest rates available. This incremental rate will be applicable for new clients. In those cases contractual interest rates shall be applicable up to the date of their respective maturity. One important thing is that the rate of interest on FDR for a period if more than one year will be simple instead of compound.

4.3.4 Short Term Deposit (STD):

It is a deposit account open by customer where customer deposited money for short period. Customer can draw money after giving short notice; this account holder enjoys the same facilities of CD account including receiving interest on his deposited money. Interest rate of STD is less than the interest rate of SB account. STD account has the following properties:

- Opening Amount/ Initial Deposit Tk. 2000
- Service Charge (yearly) Nil
- Interest rate 3.75 %
4.3.5 Deposit Schemes:

- UBL Special Notice Deposit

5.0 SWOT Analysis

SWOT analysis is an important tool for evaluating the company’s Strengths, Weaknesses, Opportunities and Threats. It helps the organization to identify how to evaluate its performance and scan the macro environment, which in turn would help organization to navigate in the turbulent ocean of competition.

5.1. Strengths

Company reputation: Uttara bank has already established a favorable reputation in the banking industry of the country particularly among the new comers. Within a period of 25 years, UBL has already established a firm footing in the banking sector having tremendous growth in the profits and deposits. All these have leaded them to earn a reputation in the banking field.

Top Management: The top management of the bank is also major strength for the UBL has contributed heavily towards the growth and development of the bank. The top management officials have all worked in reputed banks and their years of banking experience, skills, expertise will continue to contribute towards further expansion of the bank. At UBL, the top management is the driving force and the think tank of the organization where policies are crafted and often cascaded down.

Facilities and equipment: UBL has adequate physical facilities and equipments to provide better services to the customers. The bank has computerized and online banking operations under the software called MBS banking operations. Counting machines in the teller counters have been installed for speedy service ant the cash counters. Computerized statements for the customers as well as for the internal use of the banks are also available.

Impressive branches: This creates a positive image in the minds of the potential customers and many people get attracted to the bank. This is also an indirect marketing campaign for the bank for attracting customers. 215 branches of the bank are impressive and are compatible to foreign banks.

Interactive corporate culture: UBL has an interactive corporate culture. Unlike other local organization, UBL’s work environment is very friendly, interactive and informal. There are no hidden barriers or boundaries while interacting among the superior or the subordinate. The environment is also lively and since the nature of the banking job itself is monotonous and routine, UBL’s likely work environment boosts up the spirit and motivation of the employees.

Team work at mid level and lower level: At UBL’s mid level and lower level management, there are often team works. Many jobs are performed in groups of two or three in order to reduce the burden of the workload and enhance the process of completion of the job. People are eager to help each other and people in general are devoted to work.
5.2 Weaknesses:

Advertising and promotion: This is a major setback for UBL and one of its weakest areas. UBL’s advertising and promotional activities are not satisfactory but its facilities are not advertised well. It does not expose its product to the general public properly and are not in lime light. UBL does not have a neon sign or any advertisement in the city. As a result people are not aware of the existence of this bank.

Low remuneration package: The remuneration package for the entry and the mid level management is considerably low. The compensation package for BBL entry level positions is even lower than the contemporary banks. Under the existing low payment structure, it will be very difficult to attract and retain higher educated employees in UBL.

5.3 Opportunities:

Diversification: UBL can pursue a diversification strategy in expanding its current line of business. The management can consider options of starting merchant banking or diversify in to leasing and insurance. By expanding their business portfolio, UBL can reduce their business risk.

Product line proliferation: In this competitive environment UBL must expand its product line to enhance its sustainable competitive advantage. As a part of its product line proliferation, UBL can introduce the following products.

ATM: This is the fastest growing modern banking concept. Since UBL is a local bank, they can form an alliance with other contemporary banks in launching the ATM, if they take this opportunity UBL will be a fastest bank in the country. UBL take this opportunity very easily because this bank has lot of branches.

5.4 Threats:

Multinational banks: The emergence of multinational banks and their rapid expansion poses a potential threat to the new growing private banks. Due to the booming energy sector, more foreign banks are expected to arrive in Bangladesh. Moreover, the already existing foreign bank such as Standard Chartered is now pursuing an aggressive branch expansion strategy. Since the foreign banks have tremendous financial strength, it will pose a threat to local banks.

Upcoming banks: The upcoming private local banks can also pose a threat to the existing private commercial banks like UBL. It is expected that in the next few years more local private banks may emerge. If that happens the intensity of competition will rise further and banks will have to develop strategies to compete against an on slaughter of foreign banks.

Contemporary banks: The contemporary banks of UBL such as Jamuna Bank, Brac Bank, Islami Bank, Dhaka bank, Prime bank and Dutch Bangla are its major rivals. Jumana bank and other banks are carrying out aggressive campaign to attract lucrative clients as well as big time depositors.
Chapter-6

Findings, Conclusion & Recommendation

6.1: FINDINGS:

- There is a shortage of employees. They are always in pressure. Due to shortage of employees, customers can’t get quick service.
- Few officers of the bank are competent. Even though many of them simply know the working procedure of what they are doing but don’t know the philosophy behind doing those and some are inefficient to serve the customer.
- Some unskilled staff hinders the overall performance.
- Officers of the desk, where workload is very high, hardly get the chance to go out for development purpose and always feel that their duties for the organization would not be evaluated unless they can show a good amount of deposit collection against their name.
- To provide cheque book it takes minimum ten days. The days should be reduced.

6.2: CONCLUSION:

In recent times, banking sector is one of the most competitive business fields in Bangladesh. Since, Bangladesh is a developing country; a strong banking sector can alter the socio economic structure of the country. So we can say, the whole economy of a country in coupled up with its banking system. Uttara Bank Limited is the bank which is highly potential commercial Bank of Bangladesh. This bank performs hundreds of important banking and non-banking activities for both the public and the government as a whole. The Bank has an outstanding attitude to boom our business sector. From the learning and experience point of view I can say that I have really benefited from my internship program at UBL. This three months internship program at UBL will definitely help me to realize my future carrier in the job market. Performance analysis of a department of a bank is not so sufficient to measure and express perfectly within this short time of my internship period. But it is a great opportunity for me to get use to with the operational environment of commercial banking of UBL. I have tried by soul to incorporate this internship report with necessary relevant information.
6.3: RECOMMENDATIONS:

The bank management needs to have a clear operational efficiency and must thoroughly analyze the scopes for further development in order to retain and attract new customers towards any particular branch of a bank. Therefore, it is vital for the commercial banks to closely monitor their performance level, which comprises the functional units, that provides services to its clients. To make better position in the industry banks need to expand some activities & should give emphasis on some field & need to introduce new and diversified financial products to provide wider option to customers. Without having an effective customer base, it becomes difficult for any bank to compete and sustain in the competitive market for the banking services.

Before drawing the end I would like to offer the following suggestions for bringing improvements at Uttara Bank Limited:

- UBL has some attractive deposit schemes but it can be more to compare themselves from others Bank. UBL is giving equal focus on all schemes; so they should try to update all types of deposit schemes and the bank has to improve their deposit policy. The deposit of the bank should be more diversified.
- Their interest rate is good but it is necessary to increase the rate of interest of special deposit to take a better place in Marketing. They should try to make it a standard position.
- To take a better place in marketing position they can make a market storming to introduce about their deposit schemes.
- Sometime customer cannot understand which types of Deposit they should to open in this case the employee can help them to make a discussion.
- Sometime customer do not spend more time to open a new deposit specially some valuable clients want to open a deposit via a phone call so it is important so much to provide a quick service to the customer. The Bank should update their software systems to satisfy their customers by providing quick service.
- If they can update or introduce with new deposit they can attract the new customer.
