Program: MBA
Acknowledgement

First of all I would like to thank almighty Allah for giving me the patience and proper time to complete the internship program successfully.

Completion of this report has made me grateful to a number of persons. I would like to acknowledge my supervisor Mrs. Sayla Sowat Siddiqui for giving me the opportunity to prepare the report. Her valuable suggestion made it easy for me to prepare the report.

First of all the report contain high voltage and its all information are collect the BBL and that is a very important part that this report are the BRAC Bank Limited information and SME in Bangladesh that’s evaluation. This report major objective is to know details of SME loan & evaluation of BRAC Bank Limited. To know the SME sector, micro, macro environment. The SME products and its disbursement & recovery and expectation of customer of BRAC Bank Ltd.

This report has some Analysis and major Findings of the study & some recommendations and conclusion.

-------------------

Monjuri Akter Laboni
Executive Summary

The principal reason of banks chartered by the government and the central bank is to make loans to their customers. Banks are expected to support their communities with an adequate supply of credit for all legitimate business and consumer financial needs and to price that credit reasonably in line with competitively determined interest rates. Indeed, making loans is the principal economic function of banks to fund consumption and investment spending by businesses, individuals, and units of government. How well a bank performs its function has a great deal to do with the economic health of its region, because banking performance support the growth of new businesses and jobs within the banks trade territory and promote economic vitality. Moreover, bank loans often seem to convey positive information to the marketplace about a borrower’s credit quality, enabling a borrower to obtain more and perhaps somewhat cheaper funds from other sources. Therefore, evaluating BRAC Bank Limited’s financial performance by comparing it with that of the best performing commercial banks of Bangladesh. As the competition is increasing, the commercial Banks are constantly looking for scope to develop credit operation and performance appraisal to the market. However tight control on the part of the Central Bank, Bangladesh Bank restricts the scope for maneuvering in the market with new performance and credit operation. Therefore, bank require finding out untapped market space for growth. Moreover, in these liquidity crunch times, it is crucial for banks to be able to perform efficiently and effectively. If the bank is not being able to perform than the bank might go bankrupt which would have a significant impact on the economy.

Chapter One
Introduction
1.1 Origin of the Report

As a part of the Internship Program of Bachelor of Business Administration course requirement, I was assigned for doing my internship in The BRAC Bank Limited (BBL) for the period of 3 months starting from May 18, 2015 to August 17, 2015. In BBL I was assigned in the (Treasury & FI Operations) for 3 months of the head office, Gulshan. My organizational supervisor was (Senior Biswas Ashraful Islam (Associate Manager, Treasury & FI operation) and to all the personnel of BRAC Bank Head Office, who cooperated and helped me in collecting information for the improvement of my report.

1.2 Objective of the Study

1.2.1 Broad Objective

The main objective of the study is to evaluate the status of SME Banking of BRAC Bank limited

1.2.2 Specific Objectives

- To know about the SME loan activities in BRAC Bank
- To find out basic appraisal of SME loan
- To know the enterprise selection criteria to provide SME loan
- To know the terms and conditions of SME loans
- To know the internal strength of SME related services of BRAC Bank Ltd.
- To know the disbursement and recovery procedures of SME loans
- To make some recommendations for the development of SME loan products of BRAC Bank Ltd.

1.3 Scope of the Study

The study will provide the scopes of knowing the following:

- The total concept SME loan.
- BRAC Bank specially focusing on SME loan to promote small entrepreneurs all over the country
1.4 Methodology

The study uses both primary data and secondary data. The report is divided into two parts. One is the Organization Part and the other is the Report Part. The parts are virtually separate from one another.

The information for the Organization part of the report was collected from secondary sources like books, published reports and web site of the BRAC Bank Limited (www.BRACbank.com). For general concept development about the bank short interviews and discussion session were taken as primary source.

The information for the report “Evaluation of SME Banking in Bangladesh: A Study on BRAC Bank Limited” both were collected from primary and secondary sources. For gathering concept of SME loan, the Product Program Guideline (PPG) thoroughly analyzed. Beside this observation, discussion with the employee of the SME department and loan administration division they said bank was also conducted. More over a market survey was conducted with a specific questioner. To identify the implementation, supervision, monitoring and repayment practice- interview with the employee and extensive study existing file was and practical case observation was done.

1.5 Time Schedule of the Study

1. At Branch level: Branch Authority as per their business delegation must take decision within maximum of 3-7 days.
2. At Head office level: The head office credit committee and Board of Directors shall take decision within maximum of:

- 5-7 days for simple of facility
- 15-30 days for project loan
- 30-60 days for Loans under Syndication/ Club finance etc.

3. Sanction letter to be issued within 1-2 days time from the date of approval.

4. In case of Large Loan, it must be reported to Bangladesh Bank.

5. In case of the specific loans like Director`s loan, prior approval from Bangladesh Bank to be obtained as per requirements/ Guidelines of Bangladesh Bank.

1.6 Limitations of the Study

This report is not free from limitations. Moreover, the topic is so much vast. I have faced some problems while preparing this report. The limitations acquainted with this report are as the problems:

- Time limitation my internship program was about 3 month. This is fairly enough if I only concentrate on the report only but the thing is during this time I was busy to continue daily official activities. That’s why there was a time constraint to finish it within the specified timeframe.

- Lack of information As the company operates globally lot of policies are made by the higher authority of foreign countries and as an intern I was not allowed to get all the information. So it was one of the problems I faced while preparing the report.

- Lack of communication-Since I had to spend all the working days in office each and every week so, I did not have any scope to communicate with my supervisor to be informed about what aspects I need to include in my report.
Chapter Two

OVERVIEW OF THE ORGANIZATION
2.1 OVERVIEW OF BRAC BANK LIMITED

BRAC Bank Limited is a full service scheduled commercial bank. It has both local and International Institutional shareholder. The bank is primarily driven with a view of creating opportunities and pursuing market niches not traditionally meet by conventional banks. BRAC Bank has been motivated to provide “best-in-the-class” services to its diverse assortment of customers spread across the country under an on-line banking dais. At present, BRAC Bank is one of the fastest growing banks in the country. In order to support the planned growth of its distribution, network and its various business segments, BRAC Bank is currently looking for impressive goal oriented, enthusiastic, individuals for various business operations. The bank wants to build a profitable and socially responsible financial institution. It carefully listen to the market and business potentials, It is also assisting BRAC and stakeholders to build a progressive, healthy, democratic and poverty free Bangladesh. It helps make communities and economy of the country stronger and to help people achieve their financial goals. The bank maintains a high level of standards in everything for our customers, our shareholders, our acquaintances and our communities upon, which the future affluence of our company rests.

2.2 HISTORY OF BRAC BANK LIMITED

BRAC Bank Limited, one of the latest generation of commercial banks started its journey on July 04, 2001. It is an affiliate of BRAC (Bangladesh Rural Advancement Committee), one of the world’s largest non-governmental development organizations founded by Fazle Hasan Abed in 1972. It has been the fastest growing Bank in 2004 and 2005. The Bank operates under a "triple bottom line" agenda where planet profit and social responsibility go hand in hand as it strives towards a poverty-free, enlightened Bangladesh. BRAC Bank Limited, with institutional shareholdings by BRAC, International Finance Corporation (IFC) and Shore Cap International, has been the fastest growing Bank in Bangladesh for the last three consecutive years. In the recent past the bank has gone public with price of shares reaching impressive heights, further showing promising future. BRAC Bank, a fully operational Commercial Bank, focuses on pursuing unexplored market niches in the Small and Medium Enterprise Business, which hitherto has remained largely untapped within the country. In the last five years of operation,
the Bank has disbursed over BDT 102,729 million in loans to nearly 50,000 small and medium entrepreneurs in 2013. And this year Bank’s disbursement plan is BDT 180,673 million. The management of the Bank believes that this sector of the economy can contribute the most to the rapid generation of employment in Bangladesh. Since inception in July 2001, the Bank's footprint has grown to 88 branches, more than 400 SME unit offices and 333 ATM sites across the country, and the customer base has expanded to 500,000 deposit and 100,000 advance accounts through 2013. In 2013, BRAC Bank had a $578 million portfolio consisting of around 65,000 loans with an average loan size of $20,000. It has around 400 regionally-placed loan processing units offering services in the heart of rural and urban communities and employs over 700 business loan officers – around 70% of total staff. In addition to small business lending, BRAC Bank has fast growing remittance, savings mobilization and consumer lending businesses. In the years ahead BRAC Bank expects to introduce many more services and products as well as add a wider network of SME unit offices, Retail Branches and ATMs across the country.

2.3 Corporate Vision

Building a profitable and socially responsible financial institution focused on Marketing and Business with growth potential, thereby assisting BRAC and stakeholders build a “just, enlightened, healthy, democratic and poverty free Bangladesh”.

2.4 Corporate Mission

- Sustained growth in Small & Medium Enterprise sector.
- Continuous low-cost deposit growth with controlled growth in Retail Assets.
- Corporate Assets to be funded through self-liability mobilization.
- Growth in Assets through Syndications and investment in faster growing sectors.
- Continuous endeavor to increase fee based income.
- Keep our Debt Charge sat 2% to maintain a steady profitable growth
- Achieve efficient synergies between the bank’s branches. SME unit offices and BRAC field offices for delivery of Remittance and Bank’s other products and services
- Manage various lines of business in a fully controlled environment with no compromise
on service quality.

- Keep a diverse, far flung team fully motivated and driven towards materializing the Bank’s vision into reality.

### 2.5 Corporate Objectives

The objective of BRAC Bank Limited is specific and targeted to its vision and to position itself in the mindset of the people as a bank with difference. The objectives of BRAC Bank Limited are as follows:

- Building a strong customer focus and relationship based on integrity, superior service.
- To creating an honest, open and enabling environment
- To value and respect people and make decisions based on merit
- To strive for profit & sound growth
- To value the fact that they are a member of the BRAC family – committed to the creation of employment opportunities across Bangladesh.
- To work as a team to serve the best interest of our owners
- To base recognition and reward on performance
- To responsible, trustworthy and law-abiding in all that we do
- To finance the international trade both in import and export.
- To develop the standard of living of the limited income group by providing Consumer Credit.

- BRAC Bank received National Award as the Highest VAT payer for the financial year 2007-2008.
- BRAC Bank received ICAB National Award 2013.
Chapter Three
SME Overview of BRAC bank
3.1 Journey begins from “MISSING MIDLE”

BRAC Bank is now 12 years old and pioneered the small and medium enterprise (SME) Banking.

If we think of the financial pyramid, there are corporate institutions (local and Multinational) at the top of the pyramid and there are low income individuals at the bottom. Those at the top are served by banks and other financial institutions while those at the bottom are served by Micro Finance Institutions (MFIs), e.g. NGOs. But SME sector in the middle were missing access to necessary banking services and that’s where BRAC Bank has filled the gap. So, BRAC bank Launched SME loan for lower and middle classes business from the Concept of missing middle.

3.2 Define SME

An SME is defined as, —A firm managed in a personalized way by its owners or partners, which has only a small share of its market and is not sufficiently large to have access to the stock exchange for raising capital. SMEs ordinarily have few accesses to formal channels of finance and depend primarily upon savings of their owners, their families & friends. Consequently, most SMEs are sole proprietorships & partnerships. SMEs have been defined against various criteria. The three parameters that are generally applied by the Governments to define SMEs are: Capital investment in plant and machinery Number of workers employed Volume of production or turnover of business.
3.2.1 Definition of SME as per Bangladesh Bank:

Bangladesh Bank provides some rules and criteria that should maintain the entire bank. Organizations not a public limited company meet the following criteria:

<table>

Table#3: Criteria of SME as per Bangladesh Bank

3.3 SME financing in Bangladesh

Most of the Commercial Banks and Financial Institutions have incorporated SME banking. The incorporation is done by only re-designing and scaling down their current financial products for the SME customer. This does not create expected value addition to SME financing, since it is regular financing under a Different name. SMEs provide low cost employment Opportunities and render flexibility to the economy. Many of the SMEs are engaged in export activities suggesting that they are internationally competitive. Considering the importance of SME sector in the economy of Bangladesh and understanding the constraints under which such enterprises operate, it is evident that policies to support the development and growth of SMEs are necessary.
3.4 Reasons of SME Banking:

The main focus of BRAC Bank is to develop human and economic position of the country. Its function is not limited only to providing and recovering of loan. But also try to develop economy of a country.

So reasons for this program from the viewpoint of BRAC Bank Ltd. are:

3.4.1 Support Small and Medium Enterprise: To support small and medium enterprise, which requires not more than BDT 30 lacs. But in the market, small and medium entrepreneurs do not have easy access to get loans from the commercial banks/ financial institutions. But BRAC Bank Ltd. Provides loans ranges between BDT 3 to 8 lacs without any kind of mortgage.

3.4.2 Economic Development: Economic development of a country largely depends on the small and medium sized enterprises. Such as, if we analyze the development history of Japan, the development of small & medium size enterprises expedite the development of that country.

3.4.3 Employment Generation: To create employment opportunities in the market. The bank gearing employment opportunities by two ways: Firstly, by providing loan to the small enterprises. Expanding, these businesses require more workers. Secondly, small and medium enterprise (SME) program requires educated and energetic people to provide support to Entrepreneurs.

3.4.4 Profit Making: SME program is a new dimensional banking system in the banking World. Most of the CROs are providing door-to-door services to the entrepreneurs. Entrepreneurs are satisfied by the service of the bank and making profit with guidance of the bank.
3.4.5 Encourage Manufacturing

The focus of BRAC Bank Ltd. is to encourage manufacturing by the entrepreneurs who produce by purchasing various types of materials. CRO’s try to educate them to produce material if possible because if they can produce in line of purchase profits will be high.

3.4.6 Spread the Experience

Another reason of BRAC Bank Ltd. is to spread the knowledge on the importance of SME banking regarding various businesses. The customer service officer shares their knowledge from various businesses and tries to help the entrepreneurs who have shortage of the gathered knowledge.

3.5 Selection Criteria for SME loan

3.5.1 Enterprise Selection Criteria

The success of SME will largely depend on the selection of a business and man behind it. In terms of the business (Enterprise), the following attributes should be sought:

1. The business must be in operation for at least one year
2. The business should be environment friendly, no narcotics or tobacco business
3. The business should be legally registered, i.e., valid trade license, income tax or VAT registration, wherever applicable.
4. The business should be in legal trade, i.e.; smuggling will not be allowed or socially unacceptable business will not be entertained.
5. The business must have a defined market with a clear potential growth
6. The business must be located ideally close to the market and the source of its raw materials/suppliers. It should have access to all the utilities, skilled manpower’s that are required.
7. Any risk assessed by the management in turn will become a credit risk for the bank. So effort should make to understand the risk faced by the business.

3.5.2 Entrepreneur Selection Criteria

In order to understand the capability of the management behind the business, the following should be assessed:

1. The entrepreneur should be physically able and in good health, preferably between the age of 25-50. If he/she is an elderly person closer to 50, it should be seen what the succession process will be and whether it is clearly defined or not.
2. The entrepreneur must have the necessary technical skill to run the business, i.e academic background or vocational training, relevant work experience in another institution or years of experience in this line of business.
3. The entrepreneur must have and acceptable social standing in the community (People should speak highly of him), he should possess a high level of integrity (Does not cheat anyone, generally helps people), and morally sound (Participates in community building)
4. The entrepreneur must possess a high level of enthusiasm and should demonstrate that he is in control of his business (Confidently replies to all queries) and has the ability to take up new and fresh challenges to take the business forward.
5. Suppliers or creditors should corroborate that he pays on time and is general in nature
6. Clear-cut indication of source of income and reasonable ability to save.

3.5.3 Guarantor Selection Criteria

Equally important is the selection of a guarantor. The same attribute applicable for an entrepreneur is applicable to a guarantor. In addition he should possess the followings:

1. The guarantor must have the ability to repay the entire loan and is economically solvent (Check his net worth)
2. The guarantor should be aware about all the aspect of SEDF loan and his responsibility

3. Govt. and semi-govt. officials can be selected as a Guarantor such as schoolteacher, college teacher, doctor etc.

4. Police, BDR and Army persons, political leaders and workers, and Imam of mosque cannot be selected as a guarantor.

The guarantor should know the entrepreneur reasonable well and should preferably live in the same community

3.6 SME Banking System

- Every SME unit office will have a current account with a designate bank in the area of a unit office. This bank account will be opened and operated by SME head office.
- To meet petty expense such as stationary, entertainment and other incidental expense, all unit office will be allowed patty cash of Tk 2000/=.
- The cheque of this patty cash will be issued from SME head office in the beginning of the month. All vouchers relating to such expenses should be send to the accounts from SME head office.
- All the clients must open their account with the same bank account on the same day after receiving those from the borrowers, who should given a receipt as prescribed.
- Cheque’s should be deposited to the SME unit office bank account on the same day after receiving those from the borrowers, who should given a receipt as prescribed.
- Any loan installment credit should be transferred to the SME head office account in Gulshan, Dhaka on the same day as per agreement with bank.
- Every CRO should have an individual account in the same bank branch for their personal use and to receive their salaries and other benefits.
- Payment of lease rentals, utility bills and cheque drawn on the SME unit office bank account and issued by SME head office should pay other expenses (Large amount). If these bills are small amount, they should be paid from the patty cash and replenished later.
All the financial accounting entries will be passed at the SME head office and will maintain separately on the basis of the unit office.

### 3.7 Terms and Conditions of SME Loan:

The SME department of BRAC Bank will provide small loans to potential borrower under the following terms and condition:

- The potential borrowers and enterprises have to fulfill the selection criteria.
- The loan amount is between Tk. 2 lacs to 50 lacs.
- SME will impose loan processing fees for evaluation / processing a loan proposal as following:

<table>

4.3 SME Loan Process Flow

When a customer comes to the unit office for a loan request, first he/she meets with the customer relationship officer to discuss about the loan, which loan product is suitable for him/her.

After then the following process takes place:

![Flowchart of SME Loan Process Flow]

Figure#4 : Rate of interest of prapti current account

4.4 Loan Sanction activities

Select potential enterprise: For SME loan, in this step the CRO conduct a survey and identify potential enterprise. Then they communicate with entrepreneurs and discuss the SME program.

Loan Presentation: The function of CRO is to prepare loan presentation based on the information collected and provided by the entrepreneur about their business, land property (Where mortgage is necessary)

Collect confidential information: Another important function of a CRO is to collect confidential information about the client from various sources. The sources of information are suppliers.
regarding the client’s payment, customers regarding the delivery of goods of services according to order, various banks where the client has account, which shows the banks transactions nature of the client.

**Open clients accounts in the respective bank:** When the CRO decided to provide loan to the client then he/she help the client to open an bank account where BRAC bank has a STD a/c. BRAC bank will disburse the loan through this account. On the other hand the client will repay by this account. Although there is some exception occur by the special permission of the authority to repay by a different bank account.

**Fill up CIB form:** CRO give a CIB (Credit Information Burue) form to the client and the client fill and sign in it. In some case if the client is illiterate then the CRO fill the form on behalf of the client. Then CRO send the filled and signed form to the SME, head office.

**Sending CIB to Bangladesh Bank:** The SME, head office collects all information and sends the CIB form to Bangladesh Bank for clearance. Bangladesh Bank return this CIB form within 10-12 days with reference no.

**CIB report from Bangladesh Bank:** In the CIB report Bangladesh Bank use any of the following reference no:

- **NIL:** if the client has no loan facility in any bank or any financial institution then BB (Bangladesh Bank) use ‘NIL’ in the report
- **UC (Unclassified):** if the client has any loan facility in any bank or financial institution and if the installment due 0 to 5.99 then BB use UC in the report
- **SS (Substandard):** if the client has any loan facility in any bank or financial institution and if the installment due 6 to 11.99 then BB use SS in the report
- **DF (Doubtful):** if the client has any loan facility in any bank or financial institution and if the installment due 12 to 17.99 then BB use DF in the report
- **BL (Bad lose):** if the client has any loan facility in any bank or financial institution and if the installment due 18 or above then BB uses BL in the report. This report
indicates that the client is defaulter and the bank should not provide loan the client.

- **Loan decision considering CIB report**: Considering CIB report, BRAC bank decide whether it will provide loan the client or not. If the bank decides to provide loan then the SME of head office keep all information and send all papers to the respective unit office to apply with all necessary charge documents.

### 4.5 SME Loan Sanction

The respective unit office sanctions loan to the client if it is 2 to 5 lacs, and then sends the sanction letter including all necessary charge documents to the loan administration division for disbursing the loan. If the amount is higher than 5 lacs then the respective unit office sends the proposal to SME, head office for sanction. The head of SME sanctions the loan and sends the sanction letter including all documents to the loan administration division for disbursement and inform the respective unit office regarding sanction of the loan.

### 4.6 Disbursement of SME loan

For SME loan operation, BRAC Bank Limited Ltd has in total 400 unit offices all throughout the country. The department is divided into three regions. Each region comprises of 6 to 7 territories. Territories are divided into zones and zones are further divided into unit offices. Currently there are 20 territories and 142 zones. The frontline employees of small business are called Customer Relationship Officer (CRO). More than 1,500 CRO’s are working in the department. These CROs work for the Bank to converge clients for getting the SME loan.
4.6.1 Pre Disbursement Manual Activities

**Prepare loan file:** Receiving all documents, Loan Administration Division prepare a loan file with all documents received from the unit office.

**Charge documents checking:** The loan administration division checks all charge documents. Following charge documents are checked:

- Money receipt (Risk fund).
- Sanction letter.
- Demand promising note (With stamp of Tk 20/=)
- Letter of arrangement (With stamp of Tk 150/=)
- General loan agreement (With stamp of Tk 150/=)
- Letter of undertaken (With stamp of Tk 150/=)
- Letter of stocks and goods (With stamp of Tk 150/=)
- Letter of hypothecation book debt and receivable (With stamp of Tk 150/=)
- Letter of disbursement
- Photocopy of trade license (attested by CRO)
- Insurance (Original copy)
- Blank claque with signature (one cheque for full amount and others same as no of installment on Favor of BRAC bank, no date, no amount)
- Two guarantors (one must be Spouse/parents)
- If the loan provide for purchase of fixed assets or machineries and if the loan amount is over Tk 50,000/= then the stamp of a certain amount is require

**Documents deficiency and problem resolving:** If there is any error found then it informed to the respective CRO. If the application form is not filled properly then the file send to the CRO to fill the application properly. If any document error found then the loan administration division asked the CRO to send the require documents and the file stored to the loan administration division.
Prepare disbursement list: The loan administration division lists all new sanctioned clients’ details and send a request to the treasury through internal mail.

Disbursement of the amount: Sending the list to the treasury of BRAC bank for disburse the amount, the treasury disburse the amount to the client through the mother account of the clients bank. BRAC bank disburse amount through any of the following banks corporate branch nearer the BRAC bank head office and the corporate branch of the respective bank send the amount to the client account in the respective branch. These banks are:

- BRAC Bank Limited
- The City Bank Limited
- Janata Bank
- Bangladesh Krishi Bank
- Pubali Bank
- Agrani Bank

Message sent to the unit office: Completing the disbursement, loan administration division sent a SMS to the respective CRO informing the disbursement of the sectioned loan.

4.6.2 MBS entries for loan disbursement

Initial ID generation: After sending the list to the treasury, the loan administration division generates an initial ID against the borrower. Entering required information, the banking software MBS automatically provide a ID no for the borrower.

Loan account opening: According to the ID, the loan administration division opens a loan account in MBS against the borrower. Entering all required information, the MBS automatically give an account no. For the borrower.

Cost center assign: The loan administration division enter the following information in MBS:

- Security details set-up
- Guarantor details set-up
- Loan other details set-up
**Risk fund collection:** The loan administration division opens a different account risk fund of the client. This is known as loan processing fees. Receiving the risk fund, the loan administration division prints voucher and posting the voucher in the MBS. The amount of risk fund is not refundable.

**Activation of the loan:** Loan administration divisions do the following tasks to activate the loan

- Loan sanction details set-up
- Repayment schedule set-up and printing
- Loan activation
- Disbursement and CC wise voucher print
- Disbursement voucher posting

**4.6.3 Post Disbursement Manual Activities**

**Repayment schedule sent to unit office:** Completing the disbursement of the sanctioned amount the loan administration division prepare a repayment schedule in MBS and send it to the unit office. CRO from the unit office collect it and reached to the respective client. The client repays the loan according to this schedule.

- **Loan details MBS entry:** The loan administration division enters details information regarding the loan in MBS. Each officer has an ID no in MBS and if there is any error found then the respective officer would be responsible for it. So everybody remain alert at the time of MBS entry.

- **Document stamp cancellation:** The loan administration division cancels all document stamps. In future if any client found defaulter and the bank file sued against him then stamps of these document help to get the judgment favor of the bank. But if these stamps are not canceled then the judgment may not on favor the bank.

- **Send the loan file to archive:** completing all activities, loan administration division sends the loan file to the archive for future requirement. In future if any document of the loan account requires then the bank can collect
the file from archive and get the necessary document. If the clients take repeat loan then it is not require applying all documents because his all documents stored to the bank.

4.7 SME Loan Recovery Procedures

The repayment process starts immediately after one month of the loan taken. Suppose if a loan is taken in July 7, 2007 then the repayment process will be started from August 7, 2007 and the borrower will pay his/her first installment in that date. Before that date, the borrowers will be informed about the number of installments and amount of each installment. He can deposit the installment by himself or by the Customer relationship officer (CRO). Again they can deposit the installments either in any branch of BRAC Bank or in any correspondence bank (where BRAC Bank has no branch). If the borrower cannot pay the installment in the stipulated date, interest will be charged for each day before they pay that installment. Again interest will be reduced if the borrower pays the installment before the date of repayment. Interest will be charged and added to the principal amount for every month or every 3 three months depending on the policy for each loan disbursement.

However, after the borrower repays the loan installments there are number of steps done in the repayment procedure of SME loan. These steps are:

4.7.1 Receive SMS/Fax for installment deposits

When the borrower repays any installment of the loan then he/she informs it to the unit office/CRO. Then the unit office/CRO sends an SMS through mobile phone or a Fax to the loan administration division informing the repayment. A loan administration division collects these SMS/Fax and takes a paper print of these SMS.

4.7.2 Entry the installment information to MBS

Loan administration division entries the repayment installment information to the banking software MBS.
4.7.3 Print Vouchers

Completing the entry, the loan administration division takes paper print of all vouchers in a prescribed yellow paper.

4.7.4 Check SMS/Fax and solve problems (If any)

The loan administration is responsible for all entry in MBS. If there is any error found in future then the respective officer who is entering this information in MBS will be liable for it. User ID will easily identify it. So they are always aware of to ensure the correct entry. Completing the entry of information, they print a hard copy and check it with the SMS/Fax. If there is any error found then it is solved and ensures the correct information entry.

4.7.5 Repayment voucher check and posting

If it confirmed that all entering information is correct and there is no error, then the responsible officer of the loan administration division posts it to MBS. If one time posted, it is not rectifiable without permission of the higher authority. So the loan administration is always aware of regarding the recovery procedures of SME loan.

4.8 Monitoring

Monitoring is a system by which a bank can keep track of its clients and their operations. So monitoring is an essential task for a CRO to know the borrowers activities after the loan disbursement. This also facilitates the buildup of an information base for future reference. The purpose is to know the entire business condition and all aspects of the borrowers so that misfortune can be avoided.

Important of Monitoring

Through monitoring a CRO can see whether the enterprise invested the sanctioned amount in the pre-specified area of his business, how well the business is running, the attitude of the entrepreneur, cash credit sales and purchase, inventory position, work in process and finished goods etc. This information will help the Bank to recover the loan accruing to the schedule and
to take the necessary decisions for repeat loans. Moreover, monitoring will also help to reduce delinquency. Constant visit over the client /borrower ensures fidelity between the bank and the borrower and tends to foster a report between them.

4.9 Closing procedures of SME loan

4.9.1 Pre-closing manual activities

**Receive SMS/Fax requesting for closing:** The borrowers repay the loan as per repayment schedule. When the repayment is being complete the borrower request the unit office/CRO to close his loan account. The unit office/CRO sends a SMS/Fax the loan administration division requesting to close the loan account of the respective borrower.

**Print the SMS/Fax:** Receiving the request from the respective unit office/CRO, the loan administration division takes a paper print and takes necessary steps to close the account.

**Bring the loan file from archive:** The loan account file of the respective borrower is brought from the archive. And the documents of file are checked with MBS record.

**Obtained approval from the concern authority:** it is require the permission of concerned authority to close the loan. If concerned authority approved the closing of the loan account then next initiatives are taken.

**Checking in MBS:** The loan administration division checks the loan status in MBS. If there is any difference found with the SMS/Fax from unit office and MBS then deposits sleeps are re-checked. Then the loan administration division calculates the total balance of the loan account (Ledger balance + buffer interest +Excise duty)

**SMS sent to concerned CRO:** Loan administration division sent an SMS to the concerned CRO informing the current balance of the requested loan account.
Receive and print closing SMS/Fax checking & freezing: The concerned CRO send a final SMS to loan administration division informing that the respective borrower cleared all his liabilities regarding the loan. The loan administration division takes paper print of the SMS, check it and finally close the loan account.

4.9.2 Checking MBS entries for loan closing

Pre closing data entry: Completing the manual activities, the loan administration division enters some information to MBS for future requirement and complete following tasks:

- Interest/provision charging & print voucher
- Charges collection & print voucher
- Final repayment entry & print voucher
- Final repayment entry checking
- Repayment voucher posting

Activate account closing in MBS: Completing above mentioned tasks, the loan administration division finally close the requested loan account in MBS.

4.9.3 Post closing manual activities:

4.9.3.1 Re-checking with deposit slip: Completing MBS activities, the loan administration re-checks all deposit sleeps of the loan account. If there is any error found then it is immediately resolved, otherwise the file sends to the archive for future requirements. The client may take repeat loan in future and then information from this file will help to approve and disburse loan, which will minimize risk. If the client asks to return security then the loan administration releases security completing following tasks:

- Documents photocopy before security release
- Closing certificate issuing and security release

4.9.3.2 Daily MIS updating for loan closing: Finally the authorized officer of the loan administration division update the banking software MBS (Millennium Banking System) by closing the respective loan account.
CHAPTER FIVE

ANALYSIS, FINDINGS and SWOT Analysis
5.1 Survey Analysis

5.1.1 Different categories of SME business

In terms of survey analysis, it found that 55% of the clients are involved on trading business on the basis of banks enterprise scenario. Almost 30% sample clients are carrying out manufacturing business in our country and few are engaged in service business.

![Business categories of BBL](image)

Figure#5 : Business categories of BBL

5.1.2 The loan area preference of BRAC Bank

Customers mentioned that they prefer their business area, which are close to their premises. It helps them to carry out their own business by staying in close and have mental satisfaction. Some clients commended that it would be risky if the location of the business is become far.
5.1.3 Age limit of the clients BBL

According to the survey, most of the clients are carrying out business whose ages are between 30 to 50. It has been found that few clients are on above 50. SME believes that in terms of our age limit in this country it will be very risky to provide loans above 60 aged clients.

![Age of Clients Chart]

**Figure# 6 : Age limit of the clients BBL**

5.1.4 Business maintains other loans or not

It could be analyzed that most of the clients do not maintain taking BRAC bank SME loans. Small amount of clients are maintaining personal loan and few are carrying out lease financing for their internal activities.

5.1.5 Educational qualification of the clients

It can be state that the educational qualifications of the most clients are very poor at this business level in our country. Most clients have passed SSC and very few completed Graduation or Masters. In terms of their low educational background might not help long run decision making. SME supports those clients who can understand his/her own business. CRO also gives guidelines to develop their business.
5.1.6 Business Commencement of BBL

As an employee of this division, it should be mentioned that client has to maintain at least one year running business to have this loan. So by carrying out business clients should understand better about his/her own business or future plan and what would be the main season to have the loan.

5.1.7 Business required any loans of BBL Ltd

78% clients demand small loans whether it can develop their own business, which found in the survey. Few clients think that to take loan might be risky to carry out the business.
5.1.8 Purpose of SME loans of BBL

According to the survey, it can analyze that most clients want loan to meet their working capital requirements. In our country most clients carry out trading business rather than manufacturing business. Few clients demand manufacturing loans to purchase of fixed assets. In this case clients require medium loans like 15-30 lacs for purchasing fixed assets.

![Purpose of Loan Diagram](image)

**Figure #9: Purpose of SME loans of BBL**

5.1.9 Interest Rate SME loan of BBL

52% clients are satisfied on existing interest rate by comparing with other banks in terms less security. Most clients prefer reducing balance method that BRAC bank proportion in favor of clients. 43% clients are not happy to get this loan with charged interest rate. They think interest rate should be reduced. 5% clients disagreed to comment on this regard. SME believe that they do not have any hidden costs and free from bribes. It is a fresh organization whether clients can have for loans in terms of small enterprise.
5.1.10 Duration of loans of BBL

In spite of analysis, most clients want more duration or time to repay the SME loan. More time means less amount of money to repay the loan whether clients think beneficial of it. Very few clients demand short term or single payment loan to repay.

5.1.11 Security Preference of BRAC Bank Ltd

According to the survey, it can imply that 75% of the clients want to provide deposit hypothecation of business assets against loan which also they feel less risky. If the clients go for big amount then they have to deposit registered or equitable mortgage against loan which they feel too much risky. But land property sometimes carry triples amount of security from loan amount. So it they fail then the might sell their property.
5.1.12 Clients wants fast service

According to the survey, it can be said that 55% of the clients avail the loan within 15 days. In terms of getting the loan clients buy the raw materials or order suppliers. A good number of sample clients will be satisfied if they get loan with 20-23 days. They are general clients and they do not have hurry to carry out business. Very few clients opine more than 25 days because in this case clients deposits land security. So automatically it takes more time to avail the loan.

![Figure# 12 : Time requirement for loan](chart)

5.1.13 Repay monthly installment

Majorities of clients are happy to repay the loan by equal monthly installment. Clients know when where and how they will repay the money. So there is not botheration between clients and CRO.
5.1.14 Business Expansion from Trading to Manufacturing

In terms of survey, it has found that almost 55% of clients interested to expand the business from trading to manufacturing. Purpose of the loan is economic development in our country, which might divert the clients mind after having the loan expansion. 30 clients are not interested to expand their business from trading to manufacturing. 15% did not answer this question.
5.1.15 Clients Feel Comfort to Provide Information

As we know that it is door to door business, so clients have to provide right information and show the right documents to CRO to get the loan at the right time. It can state that almost all clients feel comfortable to provide necessary information to avail the loan. If the client does not believe the CRO to show necessary documents or tell lie then CRO rejects the proposal without informing any top management.

![Figure#15: Rate of information collection](image)

5.2 Findings

BRAC bank, as we know, is one of the fastest growing banks in Bangladesh. SME banking which has made the performance of this bank so enlightened is its core product to offer to the small and mediocre business entrepreneurs. In fact no businessman could think ever before that they could take loan so easily, without any collateral and without going to bank. But BRAC Bank has made this improbable process so successfully through SME banking. However from the analysis of SME loan repayment behavior I can make the following findings:

Age have a significant impact on the recovery of SME loan. Young entrepreneurs have a lower rate of recovery. On the other hand as middle aged and experienced entrepreneurs are very loyal with their loan repayment they can make proper and timely repayment of their loans. And that’s why most of the SME loan borrowers age rages from 30 to 40.
Education does not have any direct relationship with the recovery rate. In fact, Most of the entrepreneurs of retail and whole business (small or medium in size) are not highly educated. Most of them studied up to class 9 or 10. Sometimes there are some entrepreneurs who have only alphabetic knowledge or who can give their signature only. But still they are running their business so well for many years. In this case experience makes them successful in their business. So, education does have much impact on these small and medium enterprises and also on the recovery rate of SME loans.

Experience is the most significant variable, which has a great impact on any kind of business and recovery rate as well. Experienced entrepreneurs run their business so tactfully, identify the exact time what is their pick time of sales and when they need fund. They take the loan in the pick season when they have excess demand but short of capital. Then they ensures the best use of the loan and finally they reach to success and make the duly installments. So their recovery rate is good and that’s why BRAC bank looks always for experienced entrepreneurs.

Number of installments (term of loan) and amount of loan taken do affect recovery rate slightly. But trends show that BRAC bank prefers to disburse loan of an amount of 300000 and at a term of 18 to 24 months.

Another variable affecting recovery rate very much is the income of the borrowers. The higher the existing income of the borrowers, the lower the rate of default. Higher income groups make the best use of the loan they have taken and get success. On the other hand lower income group may misuse the loan and ultimately may default in paying installments.

Personal or family asset might have some impact while sanctioning the loan as well as when recovering the loan installments. Suppose if a borrower fails to pay one of his installments, bank can find his personal assets as back up for the recovery of the installments.

Retail business and wholesale business both types of businesses get loans from BRAC Bank but whole sellers have a higher recovery rate as their business transactions occur at lot size and their collection is much quick.
5.3 SWOT Analysis

SWOT analysis is an important tool for evaluating the company’s Strengths, Weaknesses, Opportunities and Threats. It helps the organization to identify how to evaluate its performance and scan the macro environment, which in turn would help organization to navigate in the turbulent ocean of competition.

5.3.1 Strengths

Company reputation: BRAC bank has already established a favorable reputation in the banking industry of the country particularly among the new comers. Within a period of 6 years, BBL has already established a firm footing in the banking sector having tremendous growth in the profits and deposits. All these have leaded them to earn a reputation in the banking field

Sponsors: BBL has been founded by a group of eminent entrepreneurs of the country having adequate financial strength. The sponsor directors belong to prominent resources persons of the country. The Board of Directors headed by its Chairman Mr. F H Abed. Therefore, BBL has a strong financial strength and it built upon a strong foundation.

Top Management: The top management of the bank is also major strength for the BBL has contributed heavily towards the growth and development of the bank. The top management officials have all worked in reputed banks and their years of banking experience, skills, expertise will continue to contribute towards further expansion of the bank. At BBL, the top management is the driving force and the think tank of the organization where policies are crafted and often cascaded down.

Facilities and equipment: BBL has adequate physical facilities and equipment’s to provide better services to the customers. The bank has computerized and online banking operations under the software called Finacle banking operations. Counting machines in the teller counters have been installed for speedy service and the cash counters. Computerized statements for the customers as well as for the internal use of the banks are also available.
**Impressive branches:** This creates a positive image in the minds of the potential customers and many people get attracted to the bank. This is also an indirect marketing campaign for the bank for attracting customers. 76 Branches of the bank are impressive and are compatible to foreign banks.

**Interactive corporate culture:** BBL has an interactive corporate culture. Unlike other local organization, BBL’s work environment is very friendly, interactive and informal. There are no hidden barriers or boundaries while interacting between he superior or the subordinate.

The environment is also lively and since the nature of the banking job itself is monotonous and routine, BBL’s likely work environment boosts up the spirit and motivation of the employees.

**Teamwork at mid-level and lower level:** At BBL’s mid-level and lower level management, there are often team works. Many jobs are performed in groups of two or three in order to reduce the burden of the workload and enhance the process of completion of the job. People are eager to help each other and people in general are devoted to work.

5.3.2 Weaknesses

**Advertising and promotion of SME loan:** This is a major setback for BBL and one of its weakest areas. BBL’s adverting and promotional activities are satisfactory but it SME loan is not advertised well. It does not expose its SME product to general public and are not in lime light. BBL does not have neon sign or any advertisement for SME loan in the city. As a result people are not aware of the existence of this bank.

**NGO name (BRAC):** BRAC is one of the largest NGO of the world and it is operating its activities in Bangladesh. BRAC bank is not a NGO bank but many people of them country consider it as a NGO bank like Grameen Bank which is not correct.
Low remuneration package: The remuneration package for the entry and the mid-level management is considerably low. The compensation package for BBL entry-level positions is even lower than the contemporary banks. Under the existing low payment structure, it will be very difficult to attract and retain higher educated employees in BBL. Specially CRO’s are not satisfied with compensation package provided to them.

5.3.3 Opportunities

Diversification: BBL can pursue a diversification strategy in expanding its current line of business. The management can consider options of starting merchant banking or diversify in to leasing and insurance. By expanding their business portfolio, BBL can reduce their business risk.

Product line proliferation: In this competitive environment BBL must expand its product line to enhance its sustainable competitive advantage. As a part of its product line proliferation, BBL can introduce the following products.

ATM: This is the fastest growing modern banking concept. BBL should grab this opportunity and take preparation for launching ATM. Since BBL is a local bank, they can form an alliance with other contemporary banks in launching the ATM.

5.3.4 Threats

Multinational banks: The emergence of multinational banks and their rapid expansion poses a potential threat to the new growing private banks. Due to the booming energy sector, more foreign banks are expected to arrive in Bangladesh. Moreover, the already existing foreign bank such as Standard Chartered is now pursuing an aggressive branch expansion strategy. This bank is establishing more branches countrywide and already launched is SME operation. Since the foreign banks have tremendous financial strength, it will pose a threat to local banks.

Upcoming banks: The upcoming private local banks can also pose a threat to the existing private commercial banks like BBL. It is expected that in the next few years more local private
banks may emerge. If that happens the intensity of competition will rise further and banks will have to develop strategies to compete against an onslaught of foreign banks.

**Contemporary banks:** The contemporary banks of BBL such as Dhaka bank, prime bank, and Dutch Bangla are its major rivals. Prime bank and other banks are carrying out aggressive campaign to attract lucrative clients as well as big time depositors.
Chapter Six

Recommendations and Conclusion
6.1 Recommendations

The following suggestions are put forward for present and future sustainability of the SME of BRAC Bank Limited:

- Age, experience, income, past loan history of the entrepreneurs should be given more priority and analyzed properly before lending. Because this variables have major effects on loan recovery.

- BBL should initiate some promotional activates and advertise heavily to inform the general public about their SME products and also inform the people that BBL is a bank like other bank, it is not an NGO.

- Features of SME products should be designed more attractively compared to the competitors to lower the level of risk and attract more potential customer. To make this happens BBL should research competitor’s products periodically.

- BRAC Bank Ltd is the best SME banking of the Bangladesh but its amount of loan can be raised in population with the existing demand of people in SME loan; SME loan can be popular among the small trade and lower income group people.

- Bottlenecks or barriers should be removed by taking advanced step in mode of disbursement, charge documents and approval process.

- Loan facility parameter should be expanded so that all the people can get loan according to their needs.

- Business Power for sanctioning loans and advances can be increased at branch level.

- The bank should have more conference in overseas, work shop, symposium and seminar for more expansion of SME loan.

- CRO’s are the major media between bank and customers. They have given certain no of customer targets in a month. To fulfill their target they don’t analyze borrowers’ history, as a result no of defaulter increasing day by day. Also CRO’s are not satisfied with compensation package provided to them. So bank should take some corrective actions about these matters.
BBL is Bangladesh’s no one Bank that provides online service all over the country. It provides fast service rather than other bank. This strength can be used to attracts more customer, because people wants faster service. More SME service center need to be added to fully take the advantage of the huge potential customer segments.

6.2 Conclusion

BRAC Bank limited is a strong and effective player in the financial system. It is a solid forward-looking, modern local bank with a record of sound performance. It is a new generation bank. It is committed to provide high quality financial services/products to contribute to the growth of GDP of the industrialization, boosting up export, creating employment opportunity for the educated youth, rising standard of living of limited income group and overall sustainable socio-economic development of the country. The bank has the vision to the best private Commercial Bank in Bangladesh in terms of efficiency, capital adequacy, asset quality, sound management etc.

The bank must make a positive attempt to be more outward looking in their goals and aware of what is happening. They must also emphasize on the domestic scenario more closely and analyze any certain trends and strategies of their competitors. The bank must accept any failures and think of them as an objective to pursue future goals instead of blaming such failures on other factors and in this way the Bank will be able to keep on playing its important roles in our economy.

BRAC Bank we call the father of SME. SME is the most emerging sector to expand and BRAC Bank has every potentially to explore the SME business throughout the country. This report presents the evaluation of SME and some significant ways to meet the future challenges if the SME business. That is why continuous training and motivation is very much relevant to run the SME banking successfully.
