23 November 2019

Message

It gives me immense pleasure to know that BRAC University is going to hold its 13th Convocation on 23 November 2019 in a befitting manner. On the eve of the Convocation, I take this opportunity to extend my sincere thanks and felicitations to the graduating students, members of the trustee board, faculty, staff, parents and guardians for their achievement.

The greatness of a nation depends many a time upon how education is valued by its citizens. Good citizens lead the nation to a prosperous future by the use of their education. Nelson Mandela once said, "Education is the most powerful weapon which you can use to change the world." Knowledge imbued with wisdom and ethics can bring about desired changes. It moulds the personality of students and enables them to face all obstacles and challenges of the modern world.

Universities play a great role in nation-building activities. I believe that our universities should always give top priority to research and innovation along with quality education for achieving excellence in the field of higher education. Keeping that in mind, universities will be the centre of excellence bringing in a blend of academic, research, theoretical and practical exposures supported by co-curricular activities. The Government of Bangladesh has taken necessary steps to ensure quality education from primary to tertiary level so that our graduates can successfully compete both at national and global challenges. I hope, our educational institutions will explore the facilities and devote themselves to materialize the dream of the nation.

I am happy to know that BRAC University is making great strides in attaining excellence both in quality and quantity in higher education. I congratulate all the newly graduates and wish them a prosperous future. Imbued with the patriotism and the spirit of war of liberation, I believe, the fresh graduates will render their best endeavour to turn Bangladesh into a 'Golden Bangla' as envisioned by Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

I wish the 13th Convocation of BRAC University a grand success.

Khuda Hafez. May Bangladesh live forever.

Md. Abdul Hamid

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِيْمِ

PRIME MINISTER
GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BANGLADESH

08 Agrahayan 1426
23 November 2019

Message

I am happy to know that BRAC University is going to hold its 13th convocation on 23 November 2019 in Dhaka. On this occasion, I would like to congratulate the graduating students, their parents, faculty members and the university authority.

The Awami League government has been working to turn Bangladesh into a middle income country by 2021 and a developed one by 2041. In this regard, we have attached top priority to education sector. A time-befitting and scientific 'National Education Policy' has been enacted to ensure quality education.

We adopted 'Private University Act 2010' to boost up higher education facilities. Our government has set up universities, including medical universities, textile university, maritime university, digital university, fashion design university, aerospace and aviation university, agricultural universities, and science and technology universities, in almost every district to widen the scope of higher education. Currently, 46 universities in public sector and 97 universities in private sector are in operation in the country.

Bangabandhu Fellowship is introduced and Prime Minister's Education Assistance Trust has been formed to help students pursuing higher studies. Books are being distributed at free of cost among students up to secondary level and different stipends are being provided to 2 crore 3 lakh students. Recently, a project of providing lunch to 4 lakh students has been undertaken. Our appropriate steps have led to a radical change in the education sector.

I hope, the graduating students of BRAC University will play an important role in building a Sonar Bangladesh as dreamt by the greatest Bangalee of all times, Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

I wish the 13th convocation of BRAC University a grand success.

Joi Bangla, Joi Bangabandhu
May Bangladesh Live Forever.

Sheikh Hasina

Dr. Dipu Moni, M.P

Message

On the joyous occasion of BRAC University celebrating its 13th Convocation, I extend my warmest congratulations to the new graduates. I would like to acknowledge the contribution of all faculty members, officials and staff of the university and the parents who made it possible for the graduating students to arrive at this important milestone. So, congratulations to all of them as well

BRAC University has achieved a great reputation in the field of higher education in Bangladesh. Its goal to become an international institution has made it more unique and praiseworthy. I am happy to know that the University has produced such a large number of graduates this year and hope that they will eventually turn into future leaders of various fields in the country. The young graduates, therefore, must continue to keep themselves updated with the latest knowledge in their chosen fields in order to face the growing challenges of globalization.

Today Bangladesh is marching ahead under the visionary leadership of our Hon'ble Prime Minister Sheikh Hasina. At the Ministry of Education we are working relentlessly to achieve our vision 2041. We need our Academia and Industries to collaborate so that our graduates are ready for the job markets and are also ready to become entrepreneurs. We want to transform the learning process at every level, to make it more experiential, imparting required soft skills and the important skill of learning to learn enabling our learners of today and tomorrow to adapt to the changing environment with relative ease So that they are ready to face the challenges of the 4th Industrial Revolution and the 21st Century. In this context I wish to remind our graduates as well as our Universities and policy makers that while we concentrate on STEM (Science, Technology, Engineering and Mathematics) we must not forget the importance of Arts and creativity. We need not just STEM, but STEAM to make real and meaningful progress.

I hope that the new graduates will dedicate themselves in working for the welfare of the country. We must remember the supreme sacrifices of our valiant freedom fighters that enabled us to achieve our independence in 1971, under the leadership of our Father of the Nation Bangabandhu Sheikh Mujibur Rahman who dreamt of a'Sonar Bangla' . I wish them all the success in life.

Joy Bangla, Joy Bangabandhu

May Bangladesh live forever.

Dipu Moni

Message

I am delighted to learn about the 13th Convocation of Brac University at a momentous period of transition for graduates, their parents, teachers and all involved.

The government in its manifesto put special attention to provide quality education, adequate training and skill development. We are lucky, at present half of our population, around 49% are below the age of 25 years and 1/3rd is between 18-34 years of age. If they are skilled properly, they will certainly be our asset to bring demographic dividend.

Bangladesh has often been cited as a 'development miracle'. This development miracle has a secret. Let me call it the 'Bangladesh Secret, Sheikh Hasina Miracle'. It is the collective journey towards fulfillment the dream of making Bangladesh a Sonar Bangla (The Golden Bengal) by the Father of the Nation Bangabandhu Sheikh Mujibur Rahman.

Under the visionary leadership of Hon'ble Prime Minister Sheikh Hasina, Bangladesh is on a pathway to prosperity. Poverty eradication, sustainable growth, protection of the environment, human-resources development and digitization are some of the key features of our development strategy. Bangladesh has achieved one of the fastest poverty reduction rates in the world with poverty rate dropping from 41.5% in 2006 to 21.4% in 2018, extreme poverty from 28% to 11.3%. Bangladesh recorded the highest economic growth among a list of 26 countries in the last 10 years, with 188% expansion of our gross GDP. This year, GDP growth has reached to 8.13% and as per ADB, highest amongst 45 Asia-Pacific countries.

I believe that Brac University will work as a light house within the region and beyond to train the next generation of professionals and leaders and contribute to further development. I hope the convocation will be a grand success.

Joy Bangla, Joy Bangabandhu.
May Bangladesh Live Forever.

Professor Kazi Shahidullah
Chairman

Message

It is a great pleasure for me that a large number of graduates are going to receive university degrees at the 13th convocation of BRAC University on 23 November 2019. Your hard work and dedication have finally paid off. On behalf of the University Grants Commission of Bangladesh, please accept my sincere congratulations on your successful graduation.

Albert Einstein said, "Education is not the learning of facts, but the training of the mind to think." Education enlightens a person morally, socially and spiritually to think, create and discover. Students need to discover that the secret of success and happiness lies in utilizing one's own strengths. Therefore, a holistic approach to education is important to enable each person to identify and appreciate not only her own individuality, but also of others, and to discover one's own self through an inner journey towards achieving excellence.

Well-educated and competent manpower is an essential requirement for national development. I believe that today's graduates will meet the challenges of the 21st century head-on, and work towards overcoming them.

BRAC University has been producing skilled and qualified graduates by providing quality education since its inception in 2001. I believe that it has already made a unique position for itself in the field of higher education and research. I hope that the university will encourage students to use their knowledge and skills to attain success in the professional world.
I would like to express my heartiest wishes to the proud parents and guardians who went through hardship and difficulties, yet continue to inspire the students to reach their desired goals. I am sure our concerted effort will build a better future for a nation which we can be proud of.

I wish the 13th convocation of BRAC University a complete success.

Professor Kazi Shahidullah

BRAC UNIVERSITY

Inspiring Excellence

Message

I congratulate all those who are graduating from BRAC University at the 13th Convocation on 23rd November 2019. The degree you are being awarded today is the culmination of all your hard work over the last four years. Your families' support and the tireless efforts of our dedicated team of faculty and staff have also played an important part in your success. This is a moment of great pride for you, your family and friends.

I would like to thank the distinguished members of our Board of Trustees, Syndicate and Academic Council for the time, enthusiasm and wise counsel they have given over the past year.

After serving as Chairperson of BRAC University's Board of Trustees from the founding of the university, I have recently retired from this role to make way for a new generation of leadership on the Board.

Since its inception in 2001, BRAC University has become one of the most reputed educational institutions in Bangladesh. It is presently the top-ranked private university in the country and will continue to strive to maintain this position.

Herbert Spencer said, "The great aim of education is not knowledge but action." BRAC University endeavours to give students opportunities to access knowledge and expand their interests by exposing them to a diverse range of disciplines beyond their chosen field of specialisation, while also inspiring them to contribute to society by developing their empathy.

As you, our students, move forward in your lives, I urge you to reflect on and take pride in the knowledge and experiences you have gathered in this institution. The conferral of a degree places upon each of you the responsibility to use your learning to contribute to the betterment of your society, especially for the benefit of those who do not enjoy the same privileges as you.

I wish all the graduates success for the future.

Sir Fazle Hasan Abed, KCMG
Founder
BRAC University

BRAC UNIVERSITY

Inspiring Excellence

Message

I offer my heartfelt wishes to the graduates of the 13th Convocation of BRAC University.

This convocation recognises the dedication put in by all of the graduates, their parents, teachers, family and friends, as well as faculty members and staff, the Board of Trustees, Syndicate and the Academic Council.

This is a momentous occasion for all of us. It is also particularly special for me as it is the first time I am attending the celebration as the Chairperson of the BRACU Board of Trustees.

Graduates, our world needs you.

You are entering a rapidly changing world facing a multitude of challenges, and you will need all of the skills, knowledge and experience that you have attained over the past four years.

Listen to your country - and the world's - needs.

I hope that you have been able to understand some of the challenges that Bangladesh, and the world, are facing. I hope that you will be responsive to those needs, and employ your courage, compassion and wisdom for the advancement of the global community.

You have never been more ready.

Challenge yourself.

Be tolerant, think critically, act compassionately and believe in the goodness and creative potential of every person. Have the courage to boldly act and be uncompromising in your values. Take forward experiences such as living together in the residential campus, and use those skills to collaborate with people, employ emotional intelligence and uphold ethical leadership in your careers.

You are our future leaders. Be the generation to build a better Bangladesh - and a better world.

Tamara Hasan Abed
Chairperson, Board of Trustees
BRAC University

I wish each one of you a rewarding, ever-learning journey forward in finding your place in life, in the society and in the world.

Prof. Vincent Chang
Vice-Chancellor
BRAC University

Message of the Convocation Speaker

I would like to express my immense pleasure knowing that BRAC University will hold its 13th convocation on November 23rd 2019. Graduating from BRAC University came with the support of many. This is an opportunity to look back onto the previous years and be grateful for every experience made--the positive ones as well as the negative ones. It was a wholesome learning experience, which proceeded inside and outside the classroom.

Pursuing an academic degree requires more than books and material benefits. It also requires mental and emotional support from others, such as classmates who eventually become friends. Graduates of BRAC University will participate in an ever-increasingly global landscape. To succeed, they must understand each other's uniqueness as individuals. BRAC University inspires excellence. This institution teaches students to think critically, to question what they have learned and to test it. This becomes more and more of a challenge in our ever-changing world. The young generation has a chance to change misconceptions and shape our society into a place of acceptance, tolerance and compassion as global citizens. Understanding and respecting each other despite the differences is crucial for a better future in Bangladesh and around world.

Ban Ki-moon
Former Secretary-General
United Nations

Brief Biography of the Convocation Speaker

Ban Ki-moon

Former Secretary-General
United Nations

Ban Ki-moon, born June 13, 1944, is a South Korean career diplomat who was the eighth Secretary-General of the United Nations from January 2007 to December 2016.

He served his country for 37 years as the Minister for Foreign Affairs and Trade, the President's Foreign Policy Adviser and Chief National Security Adviser, Deputy Minister for Policy Planning and Director-General of American Affairs. He was posted in New Delhi, Washington DC and Vienna.

As Secretary-General Mr. Ban mobilised world leaders around a set of new global challenges from climate change and economic upheaval to pandemics and increasing pressures involving food, energy and water.

He is a bridge-builder, giving a voice to the world's poorest and most vulnerable people and strengthening the United Nations itself.

One of his first major initiatives was the 2007 Climate Change Summit. At the height of the food, energy and economic crises in 2008, he successfully appealed to the G20 for a $1 trillion financing package for developing countries.

Under Mr. Ban's leadership in 2015 countries adopted a set of 17 Sustainable Development Goals (SDGs) to end poverty, protect the planet and ensure prosperity for all as part of a new sustainable development agenda. Each goal has specific targets to be achieved until 2030. The countries are committed to leave no one behind.

Mr. Ban also led the efforts for the Paris Climate Agreement, which entered into force in 2016. The countries agreed to work towards limiting global temperature rise to well below 2 degrees Celsius, and given the grave risks to strive for 1.5 degrees Celsius.

He pressed successfully for the creation of UN Women and advocated for the "UNiTE to End Violence against Women", "Stop rape Now" and "He for She" campaigns. In addition to that, he established a Special Representative on Sexual Violence in Conflict.

Within the UN itself, Mr. Ban increased the number of women in senior management positions by over 40 percent, reaching the highest level in the organisation's history.

Mr. Ban earned a Master's degree in Public Administration from the John F. Kennedy School of Government at Harvard University in 1985 and a Bachelor's degree in International Relations from Seoul National University in 1970.

He and his wife, Madam Yoo (Ban) Soon-taek, whom he met in high school in 1962, have one son, two daughters and three grandchildren.

Profile of BRAC University

Background

BRAC University (BRACU) was established in 2001. It follows a liberal arts approach to education which nurtures fresh ideas and gives new impetus to the field of tertiary education.

It ensures a high quality of education and aims to meet the demands of contemporary times. Building on BRAC's experience of seeking solutions to challenges posed by extreme poverty, BRACU hopes to instil in its students a commitment to working towards national development and progress. BRACU is accredited by the University Grants Commission (UGC) and approved by the Ministry of Education, Government of Bangladesh.

13th Convocation

At present, BRAC University has a total of Five Hundred and Eighty Four (584) teachers and Nine Thousand, Four Hundred and Nineteen (9419) students.

The 13th Convocation today will confer degrees to a total of Three Thousand, Two Hundred and Seventeen (3217) students.

Schools

1. BRAC Business School

Chair Emeritus

Sir Fazle Hasan Abed KCMG
Founder
BRAC University

Sir Fazle was born in 1936 in Bangladesh. He studied Accountancy in London, qualifying as a Cost Management Accountant in 1962. While he was working as a senior corporate executive at Pakistan Shell, the 1970 cyclone and 1971 Liberation War in Bangladesh dramatically changed the direction of his life. He left his job and moved to London, where he helped initiate Action Bangladesh and HELP Bangladesh in support of the Liberation War.

Early in 1972, after the war was over, he returned to the newly-independent Bangladesh, finding the economy in ruins. The return of 10 million refugees, who had sought shelter in India during the war, called for urgent relief and rehabilitation efforts. Sir Fazle established BRAC to address the needs of refugees in a remote area of north-eastern Bangladesh, guided by a desire to help the poor develop their own capacity to better manage their lives.

Today BRAC is one of the largest NGOs in the world, operating across eleven countries in Africa and Asia. Its primary objectives are to alleviate poverty and empower the poor. In 2018, for the third consecutive year, BRAC was ranked first among the world's top 500 NGOs by Geneva-based 'NGO Advisor' in terms of impact, innovation and sustainability.

Sir Fazle has been honoured with numerous national and international awards for his achievements in leading BRAC, including the LEGO Prize (2018), Laudato Si' Award (2017), Jose Edgardo Campos Collaborative Leadership Award, South Asia Region (2016), Thomas Francis, Jr. Medal in Global Public Health (2016), World Food Prize (2015), Trust Women Hero Award (2014), Spanish Order of Civil Merit (2014), Leo Tolstoy International Gold Medal (2014), CEU Open Society Prize (2013), Inaugural WISE Prize for Education (2011), Entrepreneur for the World Award (2009), David Rockefeller Bridging Leadership Award (2008), Inaugural Clinton Global Citizen Award (2007), Henry R. Kravis Prize in Leadership (2007), Palli Karma Shahayak Foundation (PKSF) Award for lifetime achievement in social development and poverty alleviation (2007), UNDP Mahbubul Haq Award for Outstanding Contribution to Human Development (2004), Gates Award for Global Health (2004), Gleitsman Foundation International Activist Award (2003), Schwab Foundation’s Social Entrepreneurship Award (2003), Olof Palme Prize (2001), InterAction Humanitarian Award (1998) and Ramon Magsaysay Award for Community Leadership (1980).

He is also recognised by Ashoka as one of the 'global greats' and is a founding member of its prestigious Global Academy for Social Entrepreneurship. In 2009, he was appointed Knight Commander of the Most Distinguished Order of St. Michael and St. George by the British Crown in recognition of his services to reducing poverty in Bangladesh and internationally. Sir Fazle was a member of the Group of Eminent Persons appointed by the UN Secretary-General in 2010 to advise on support for the Least Developed Countries. In both 2014 and 2017, he was named in Fortune Magazine’s List of the World’s 50 Greatest Leaders.

The many honorary degrees received by Sir Fazle Hasan Abed include those from Princeton University (2014), the University of Oxford (2009), Columbia University (2008) and Yale University (2007).
