## Nature Carnival 2019

**Faiza Khondokar**

BRAC University Natural Sciences Club hosted the first ever Nature Carnival at its Mohakhali campus on 31 March, 2019. Styline Cosmetics was the event partner of the event.

The primary objective of Nature Carnival 2019 carnival was to promote the use of organic food and cosmetics, jute, and other environmentally-friendly products in our daily lives and thus, free ourselves from the use of processed and artificial products.

Stalls were set up by renowned organic and Ayurveda brands of the country, who brought their best products, tinted with the loving touch of Mother Nature — all of which reminded the customers of their beloved ‘Sonar Bangla’.

Brands like Sarin's Store, Rehman's InTru Beauty, Azuria, Sudhho Krishi, Neofarmers, Full Fashion BD, and Tea 4 Her were some of the stalls. Some of the more famous food stores of the country, like Smokesman, Cheez, Butter the Bakery, and Flavouri were also present.

The day-long programme ended with a small, interactive talk session, where entrepreneurs shared their insights about the benefits of the use of such products, and what caused them to take the initiative of starting such businesses.

BRAC University Natural Sciences Club hopes that through this event, people will be inclined to use these products, contributing not only to their better health and skin but also to environment.
